Leadership Forums: Moving Beyond Training & Coaching.

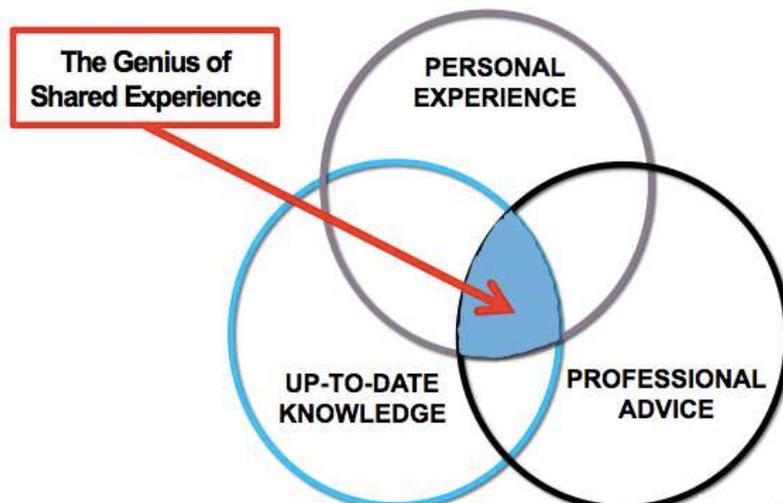

*'If you want to go fast, go alone.
If you want to go far, go together.'*
- African Proverb

To be a high performance leader over the long-term, keeping your knowledge up-to-date through professional development activities is not enough. To also have the benefit of individualised advice and guidance from an executive coach will safeguard your survival in facing the complex challenges of leadership. However, leaders who thrive in such complex roles also regularly replenish their reserves of tenacity, endurance, insight and resilience through sharing their successes and challenges, and participating in learning and growth activities in regular meetings with trusted peers in groups called '**Leadership Forums**'.

Leadership Forums were first formed by groups of company founders who needed a safe and confidential space to be able to share successes and challenges with like minded peers away from the judgment of their own staff and shareholders and independent of their professional advisors who may have had their own agendas. The overtly supportive and strategic focus of these groups was tremendously beneficial to participants and leadership forum groups were also developed for Chief Executive Officers who had professional support needs quite similar to company founders.

Leadership Forums are some of the most powerful support networks a leader can belong to. They can be a proving ground for new ideas, a sounding board to brainstorm and pressure test strategy, a confidential peer support group to walk alongside you during the leadership struggles you face and a frank and fearless point of accountability in holding you to your goals to be the best leader you can be!

Forum members believe in the power of sharing experiences as a key foundation in shaping leadership growth and the unique insights and grounding of expectations that peers develop based on lived experiences shared among members. However, '*the devil is in the detail*' and for a Leadership Forum to be successful their are a number of intricacies and accountabilities that must be clearly understood by all members..... Welcome to Leadership Forum Training!

4 'PD Intensive': Overview & Tools (30 mins)

The PD Intensive Section is a "strategic" component of the Forum agenda where deeper learning occurs using one of three possible methodologies:

1. Forum Council	2. Deep Dive Presentations	3. Team Growth Activity
<p>What & Why?</p> <p>The Forum Council is a group discussion and feedback protocol to enable all members to benefit from group brainstorming over a problem they each wish to nominate.</p>	<p>What & Why?</p> <p>Deep Dive Presentations are individual presentations on critical personal or professional issues that delve into enough detail to enable listeners to fully grasp the problem and possible solutions prior to sharing their own relevant experiences to assist the presenter(s) on the issue at hand.</p>	<p>What & Why?</p> <p>Team Growth Activities are group based "Deep Dive" experiences that members complete together to deepen self- and other-awareness and strengthen relationships among Forum members. Activities such as Lifeline, Eulogy/ Tombstone or Letter to Younger Self can be personally challenging so expert facilitation and high trust is vital.</p>
<p>Forum Council Guidelines</p> <p><i>NOTE: Time is managed so ALL members present an issue</i></p> <p>Process:</p> <ol style="list-style-type: none"> 1. The petitioner gets 1 minute to explain their challenge to the Council. 2. The Council gets 1 minute to ask yes/no/short answer questions of the petitioner. No short answer may exceed 15 seconds. 3. The Council has 5 minutes to respond to the petitioner's challenge. 4. Every member of the Council needs to discuss the issue. Discuss the petitioner's problem while the petitioner listens and takes notes (the petitioner cannot participate in this discussion – no eye contact). 5. If you finish then sit with the silence (studies show that the greatest ideas often come in the wave after the initial silence has passed). 6. The petitioner summarises their understanding of what the Council has had to say and thanks the Council for their advice. This is kept to 1 minute. 7. Return to Step #1 	<p>Deep Dive Presentation Guidelines</p> <p>(Prior) Preparation: Presenter to meet with Coach and complete preparation sheet prior.</p> <p>(At Forum) Presentation 30min prepared session</p> <p>Presenter Name:.....</p> <p>Coach Name:</p> <ul style="list-style-type: none"> • One word open • Confidentiality reminder • Presenter's expectations – by coach = 2 mins • Presentation = 10 min • Questions and Answers = 2 min • 1 minute silence • Experience Share = 12 mins • Takeaway value = 3 min 	<p>Example Activity: Lifeline Guidelines</p> <p>Preparation: Members are given a worksheet to map positive and negative life events to aide in presentation.</p> <p>Activity:</p> <ul style="list-style-type: none"> • Each person is given up to 5 minutes to present their Lifeline – by giving a narrative of their personal history and drawing a line across a whiteboard or flip chart. • Once the presenter has finished, clarifying questions may be asked with the presenter able to answer or decline further disclosure. • Once all members have completed their Lifeline presentations and pair/ share recapping, key high and low points of each member is done to consolidate and close session. <p>Tips:</p> <ol style="list-style-type: none"> 1. Flip chart is better than whiteboard as members can keep their own lifelines once drawn (however can also photograph whiteboard). 2. Variations on the lifeline could be "personal only", "career only" etc. or Lifeline can be shared by slide show of relevant photos instead of line drawing.

Deep Dive Presenter's Worksheet (Example / Non-example)

Presenter: _____ **Principal SHS** _____ **Coach:** ___ **Dr Pete** _____

The Issue in Focus:	Decreasing the Inconsistency between QCS & School Based Assessment Data <i>Non-example: improving student achievement in school</i>
The 5% Strategic Question:	How do we as an SLT improve consistency so we can guarantee that every year 12 student who gets an 'A' in our school also gets an 'A' in QCS assessment? <i>Non-example: how do we increase the number of student getting high OP score at the end of year 12?</i>
Link to Wider Purpose/ Scope	SLT responsible for 'every student succeeding' and providing a quality teaching and learning environment

The Backstory of Issue & Key Impacts/ Emotions (Right Brain)	The Data & Analysis That Supports the Backstory (Left Brain)
Students and parents are frustrated and confused when they are getting A's in school and then lower marks in external assessments and missing out on uni placements despite achieving the highest standards according to our school assessment process – this also diminishes our reputation as a school in supporting high achievers.	Last year 15% of students in year 12 got A's in school's assessments but only 5% got A's in independent QCS assessments with the QCS scores lowering the opportunities they had for tertiary studies

Possible Solutions/ Answers to Strategic Question	Related Risks to Each Possible Solutions
<ul style="list-style-type: none"> • Increase the funding and support for student training on specific QCS tasks • Begin preparation/ readiness activities for QCS at much lower levels of high school to aide performance • Increase the training and support of teacher specifically related to QCS assessment tasks • Benchmarking scale of problem and sharing solutions with other schools 	<ul style="list-style-type: none"> • Limited funds and other priorities affected – unsure of cost/benefit • Full timetable and curriculum already – disruptive to current processes – unsure of overall benefit • Fitting this into already full training schedule and finding extra funding to support it • Other schools may be worse off than us – wasted time and effort

Restate the Strategic Question: How do we as an SLT improve consistency so we can guarantee that every year 12 student who gets an 'A' in our school also gets an 'A' in QCS assessment?
